- Six survey participants were asked to rank the areas they use on the current OPS Portal from 1 to 10, 1 being most important and 10 least.
- The raw data provided the percentage of individuals who ranked each area at the number out of 10 as indicated on the X axis above.
- Two areas were ranked the same; Flyer and Generic Signs were both ranked 4 out of 10.
- One area was ranked twice; Generic Signs was ranked both 4 and 5 out of 10.
- Only 9 specific areas received more than 1 respondent rank, any that with only one respondent rank were omitted from the final data.
